Pennsylvania
Account Admin
Training Webinar

Tuesday, February 12, 2019
10:00 AM
Agenda

• Tour the new Testing Center interface
• Learn all the ways to view and manage candidates
• Understand new responsibilities for account administrators
• See the new feedback and reporting functions
Role: Account Administrator
Who is an Account Administrator?

• An employee at an organization who:
  • Oversees the completion of candidate theory and performance assessments
  • Oversees candidate registration and test purchases
  • Assigns evaluators and proctors
In the new Testing Center, you can:

- Streamline the Registration Process
- View Any Candidate at Your Organization
- Add Notes to Candidate Profiles
- Customize Notification Emails
- View Test Feedback

Duplicate emails will no longer be allowed in 2020.
Manage Candidates

Testing Center Live Demo
In the new Testing Center, you can:

- Have Receipts Emailed Directly To You
- Make Centralized Payments
- Access Detailed Order Receipts 24/7
Payments

Process Changes

• **Assigning Proctors and Evaluators**
  - Account administrators are responsible for assigning proctors and evaluators.
  - This change provides a **full digital record of the candidate’s credentialing process**, plus:
    - Reduces paperwork by submitting affidavits electronically
    - Adds due dates for affidavits
    - Candidate and account admins can view submitted affidavits online
    - Built-in testing roster for proctors
    - Improves testing security
  - Accommodations are available for high volume testing locations with frequent proctor assignments. Contact NIMS for more information.
Process Changes

• **Proctor Logs In On Test Day**
  • Proctors have to login to get a generated code.
  • Candidates must be assigned to the proctor for the code to work.
Process Changes

• Submitting Performance Affidavits
  • There is a new role in the testing center called an Evaluator, and they are responsible for submitting affidavits online.
    • If you have an existing NIMS account, the role will need to be added to your account.
    • If you do not (most MET-TECs), you will register as an evaluator.

Action Items:
  • Ask your MET-TECs to register as evaluators and prepare to submit affidavits online
  • Tell NIMS if you sign affidavits, and for which credentials

Paper affidavits will no longer be accepted beginning July 1, 2019.
Assigning Candidates

Testing Center Live Demo
In the new Testing Center, you can:

- **Pull On-Demand Credentialing Reports**
  - **Account Code Activity**
    - Transactions that happened during a specified date range on any account code.
  - **Credentialing Activity**
    - All credentials earned by candidates at your organization within a specified date range.
  - **Performance Activity**
    - Status of performance affidavits submitted for candidate at your organization within a specified date range.
  - **Testing Activity**
    - All tests taken by candidates at your organization within a specified date range, including both pass and fail results.
Reports

<table>
<thead>
<tr>
<th>What needs to happen before this step</th>
<th>What do Account Administrators do in the credentialing process?</th>
<th>How often does this step happen?</th>
</tr>
</thead>
</table>
| Admin needs to register and be approved by NIMS | **OPTIONAL**: Admin mass registers Candidates and opts-in to notifications that are sent to that Candidate  
**OPTIONAL**: Admin pays for registration | Once |
| Candidate must be registered | **OPTIONAL**: Admin purchases a subscription for each Candidate | Annually |
| Candidate must have an active subscription for that credential (or an unused individual test purchase) | **Admin assigns Evaluator for particular credential**  
Admin receives email notification that affidavit was submitted (if opted-in)  
Admin can view affidavit submission | Occurs for every credential earned by a Candidate |
| | **Admin assigns Proctor for certain test**  
Admin receives email notification of test result (if opted-in)  
Admin can view test results and feedback | |
Role: Proctor
Old Process

- Proctor registers with NIMS and creates their own proctor code
- Candidate completes performance and has affidavit added to account
- Test is purchased on candidate account
- Proctor launches test on candidate’s account by typing in their code they created

Cons:
- Testing security risks
- No accessible record of proctor history
- No formal reporting mechanism

Role: Evaluator
Who is an Evaluator?

- Anyone who signs off on affidavits
  - CARs: Instructors/Trainers/Supervisors
  - Prints: MET-TEC Members
    - Actively employed by a metalworking company
    - Experience as a manager, supervisor, metalworker, and/or quality control specialist
    - A minimum of five (5) years of experience in the field
    - *Optional:* A journeyperson’s certificate for a metalworking occupation
Benefits of Electronic Affidavits

• Reduce paperwork and faster turnaround
  • No more emailing or keeping track of paper affidavits, you submit them directly to NIMS online.

• Submit affidavits from anywhere
  • Use your computer, tablet, or even your phone!

• Better workflow management
  • See a personalized list of affidavits to be submitted, due dates, and all past evaluations you’ve submitted in one place.
Project Validation Options

- **INSPECTOR CREDENTIAL**
  - Under Development

- **EXISTING MET-TEC**

- **ELECTRONIC AFFIDAVIT**
