General Assessment Information	Sample Written Items
Written Assessment Information	Performance Assessment Information
Specific Competencies Covered in the Test	Sample Performance Job

**Test Type:** The Commercial and Advertising Art PA Assessment was developed based on a Pennsylvania statewide competency task list and contains a multiple-choice and performance component. This assessment is meant to measure technical skills at the occupational level and includes items which gauge factual and theoretical knowledge.

**Revision Team:** The assessment content is based on input from Pennsylvania educators who teach in approved career and technical education programs.

50.0402- Commercial & Advertising Art

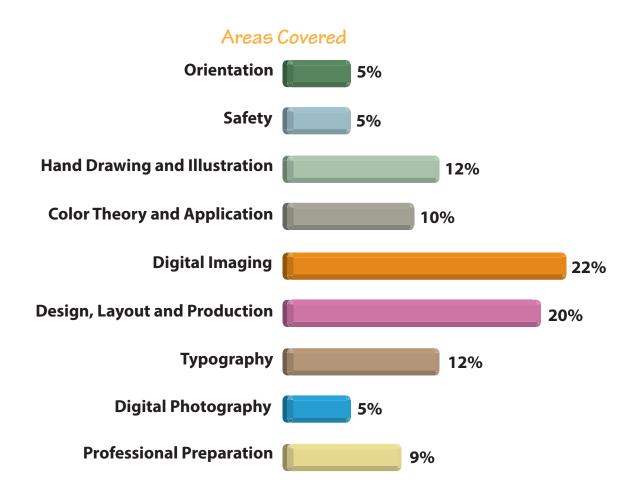

Career Cluster 3- Arts, A/V Technology & Communications

NATIONAL COLLEGE CREDIT RECOMMENDATION SERVICE University of the State of New York - Regents Research Fund In the lower division baccalaureate/associate degree category, 3 semester hours in Commercial Design and Advertising Written Assessment

NOCTI written assessments consist of questions to measure an individual's factual theoretical knowledge.

Administration Time: 3 hours Number of Questions: 200 Number of Sessions: This assessment may be administered in one, two, or three sessions.

### Specific Standards and Competencies Included in this Assessment

#### Orientation

- · Identify career paths within the vocational profession
- List occupational requirements
- Demonstrate research and organizational skills
- · Identify how copyright laws apply to visual communication

#### Safety

- Operate media presentation equipment
- Demonstrate safe practices when using computer hardware and software
- Demonstrate safe practices when using and maintaining hand tools
- Demonstrate safe practices when using, storing, and disposing of paints, solvents, and chemicals
- Demonstrate safe cutting procedures

#### Hand Drawing and Illustration

- Draw objects using linear perspective
- Draw basic geometric and organic forms showing texture and tone
- Create line art
- Apply anatomy concepts in drawing
- Draw from direct observation
- Produce color illustrations using various media

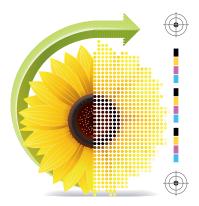

## Specific Standards and Competencies (continued)

#### **Color Theory and Application**

- Apply the basic structure of color (hue, intensity, saturation) to generate color solutions
- Apply appropriate color schemes to generate design solutions
- · Identify and apply additive and subtractive color

#### **Digital Imaging**

- Demonstrate image scanning procedures
- · Identify the properties of vector and raster images
- Demonstrate basic use of page layout software (e.g., Quark®, InDesign®)
- Demonstrate intermediate use of page layout software (e.g., Quark®, InDesign®)
- Demonstrate basic use of a vector-based drawing program (e.g., Illustrator®)
- Demonstrate intermediate use of a vector-based drawing program (e.g., Illustrator<sup>®</sup>)
- Demonstrate basic use of image editing software (e.g., Photoshop®)
- Demonstrate intermediate use of image editing software (e.g., Photoshop®)
- Demonstrate use of input, output, and storage devices
- Demonstrate the use of the Macintosh® operating system
- Demonstrate appropriate use of different file formats
- Organize and manage digital files

## Specific Standards and Competencies (continued)

#### **Design, Layout, and Production**

- Research the history of advertising design
- Apply elements and principles of design
- Write a creative brief
- Produce thumbnails, roughs, and comprehensive
- Design a logo
- Create an identity package
- Demonstrate basic knowledge of printing processes
- Design promotional materials
- Prepare files for output
- Demonstrate knowledge of color separations
- Demonstrate knowledge of printer's marks and measurements

### Specific Standards and Competencies (continued)

#### Typography

- · Identify the anatomy and classification of type
- Identify typographic styles
- Manipulate type through character and paragraph formatting
- Choose and apply appropriate typeface

#### **Digital Photography**

- Operate digital camera and accessories
- Compose a photograph through the lens
- Demonstrate use of lighting
- Demonstrate ability to physically stabilize camera

#### **Professional Preparation**

- Prepare a portfolio
- Participate in the interview process
- Inventory personal career interests and goals
- Research employment opportunities
- Explore postsecondary institutions and opportunities
- Deliver an oral presentation
- Prepare a resume and cover letter
- Estimate time and materials for a project
- Complete a job or college application
- Prepare and present a 3 to 5 minute talk on a competency
- Participate in a mock interview
- Demonstrate matting and mounting a work of art
- Participate in critiques
- Research current industry practices

## Sample Questions

#### Which of the following describes the meaning of local value?

- A. the overall darkness/lightness of an object
- B. the proximity of one object to another
- C. the contrast level of an object close by
- D. how tall an object appears as it is brought near

#### **Cool colors include**

- A. black, green, and blue
- B. green, blue, and purple
- C. gray, black, and green
- D. red, orange, and yellow

#### What resolution is best for web graphics?

- A. 72 pixels per inch
- B. 150 pixels per inch
- C. 300 pixels per inch
- D. 1,200 pixels per inch

#### Balance and emphasis are examples of design

- A. principles
- B. elements
- C. forms
- D. objectives

#### The baseline is located at the

- A. bottom of x-height
- B. top of ascender
- C. center of copy
- D. bottom of descender

## Sample Questions (continued)

#### The \_\_\_\_\_ lays out a magazine advertisement.

- A. graphic designer
- B. photographer
- C. illustrator
- D. interior designer

# The most important factor when presenting information on a video screen to a large group of people is

- A. use of color
- B. size of screen
- C. volume
- D. readability

# Part of a good portfolio includes thumbnails and working sketches to show the designer's

- A. thought processes
- B. illustration skills
- C. organizational skills
- D. ability to draw various sizes

#### During a group critique of a project, criticism should be

- A. constructive
- B. biased
- C. general
- D. unfair

#### Depth of field is determined by

- A. ISO
- B. shutter speed
- C. filters
- D. aperture setting

## Performance Assessment

NOCTI performance assessments allow individuals to demonstrate their acquired skills by completing actual jobs using the tools, materials, machines, and equipment related to the technical area.

Administration Time: 3 hours Number of Jobs: 2

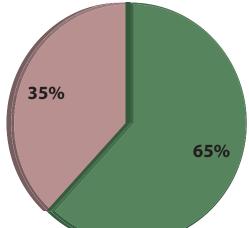

#### Areas Covered:

#### 65% Edit Digital Images

Participants will edit images A, B, and C, and edit and place a logo.

#### 35% Design a Page Layout

Participants will sketch thumbnails, follow specs, include correct elements, correctly save files, and have created a good final design.

## Sample Job

## Edit Digital Image

#### **Maximum Time:** 60 minutes

**Participant Activity:** The participant will be provided four digital images to edit as well as corrected watermarked samples to use as a guide for editing the images.
