

**INSTRUCTORS**

**WE CAN'T DO IT WITHOUT YOU!**

**Do you...**

- ✓ teach one of the programs listed below?
- ✓ have active Occupational Advisory Committee (OAC) members who have an investment in your program?
- ✓ partner with employers who supervise Co-Op students?

If you answered “yes” to these questions, **urge your OAC members or Co-Op employers** to apply to become part of a committee that will **review the NOCTI test** that is given to students in your program **to create a cut score**.

We need **YOU** to identify OAC members or Co-Op employers who are familiar with the curriculum of your program, know the skills your students have at the end of their program, and who hire your graduates.

**Cut scores determine each student’s proficiency level on the NOCTI test – Advanced, Competent or Basic.**
