

HELP CAREER AND TECHNICAL STUDENTS WITH NOCTI TESTING

Are you...

- ✓ an active **OCCUPATIONAL ADVISORY COMMITTEE** member for at least 3 years?
- ✓ an **EMPLOYER** who hires Co-Op students?
- ✓ familiar with the career and technical education program's curriculum?
- ✓ an **EMPLOYER** who hires career and technical education graduates?

If you answered “yes” to these questions, support NOCTI testing for students.

Apply today at: <https://www.careertechpa.org/application/>

You will be contacted for a brief phone interview.

A student's Co-Op supervisor or an active Occupational Advisory Committee member can review the NOCTI test to help create a cut score for students. The cut score determines each student's proficiency level on the NOCTI test – Advanced, Competent or Basic.

IT'S EASY!!

- Work at your convenience
- Complete on-line training (1 hour)
- Review the NOCTI test (a few hours)
- Receive a \$200 stipend

After the phone interview, if accepted, you will receive an email with log-in information to access the online training. You will have one week to complete the required training and a second week to complete the NOCTI test review.

For more information contact Erin Young at 412-675-9065 or elw12@psu.edu.
