

Additional resources to consider when planning professional development:

If you are looking for ideas for your induction plan, professional development activities, or ideas for a teacher to complete through differentiated supervision model, here are some resources that could help you.

PDE has a list of required content for Career & Technical Certification programs. The list is included in this file.

In 2019, a group of master teachers from the Eastern Region were brought together to develop a competency list for teachers through a DACUM process. This file could aid the administrator in planning PD or changing the Induction Plan.
